Sub: Consolidated report on special programs for advanced learners and slow learners

Dear Sir,

Please find herewith the report on special programs for advanced learners and slow learners for the year 2022-23.

1. The programs taken into consideration from June 2022 to May 2023.

2. Overall performance of the students in annual examination was considered to categorize the students. Those securing< 50% were taken as slow learners and >75% as advanced learners.

3. Total students enrolled during the year 860 regarding all programs of DM, MCh, PDCC, MD , PhD, MSc, BSc, PDF, PDAF

4. Total fulltime faculty during the year was 307.

5. The respective departments allotted mentees to each mentor. The ratio of mentor: mentee was 2.8:1

6. Institute conducted various programs for the advanced learners and slow learners time to time. In addition, each department conducted their own programs for the welfare of the students.

7. Slow learners were given mentoring and extra care so that they improved academically and the pass percentages in final exit examination was nearly 100% (211 out of 213).

8. The advanced learners were felicitated and promoted. They received various awards in national and international levels.

Lt Col Varun Bajpai VSM
Executive Registrar
SGPGIMS,Lucknow

Special programs for advanced learners and slow learners

1. Orientation program for newly joined students to assess their learning levels
2. 01-02 courses (medical ethics, communication skills, medical biostatistics, medico- legal issues, biomedical research etc.) to enhance students' knowledge.
3. Personal mentorship to students by experienced teachers
4. Extra classes (theory and practical) for slow performers.
5. Continuing medical education (CME) and practical workshop to enhance their skill
6. Personal mentorship to students by experienced teachers.
7. Conferences and other online platforms to encourage advanced learners to present their work.
8. Scholarship and awards for advanced performers.
9. Online teaching materials prepared by teachers to enhance teaching.

The various program details by individual departments are attached here.

Thanking You

List of extra efforts for slow learners (planned):

1. Remedial classes with one to one interaction
2. Different learning exercises to help them get a hang of the topics that are hard to comprehend- Starting from basics and giving non-medical examples for comparison
3. Allocation of peer mentors for better understanding of complex topics
4. Making Use of Active Learning by real life comparisons
5. Rewarding them even if their performance is improving at a slow pace.

Any incentives for fast learners:

1) Giving recognition by a word of appreciation in an email
2) Featuring them on our departmental activities published in institute's newsletter
3) Appreciation during interinstitutional tele meet
4) Encouraging them to participate and present data in national and international conferences.

List of extra efforts for slow learners:

1. Counselling the students to identify the areas where they are facing issues in learning and motivating the students to work hard.
2. Topic wise remedial classes provided and question given for practice base on examination pattern.
3. Multiple test sessions taken to improve the examination writing skills & techniques
4. Advised for group studies with fellow classmates who are good in studies.
5. Extra classes are organized once per well.
6. One to one teaching/counselling/Guidance/with assigned mentee.

Any incentives for fast learners:

1. Student consistently secures > 60% marks in all IAs
2. Attendance in > 80%
3. Submission of all assignment class work on time > 90% of time
4. Participating in class activities > 90% of all activities
5. University exam- Top 10% of the class best performers results
6. Encourage participation in co-curricular activities
7. Oral/Poster presentation in conference
8. Skills Workshops participation
9. Quiz participation
10. Tea with HOD: after exam results top 3 rank holders in exit university exam.
11. Certificate of merit for I,II & III rank holders in University Exams during graduation day.
12. Appreciated them for this hard work and motivated to continue to work hard.
13. Encourage to participate in student exchange program for this event transport, food & lodging cost are borne by the college.
14. Encouraged to be part of student council & class committees.

Academic Policy for Slow Learners

The Institute is sensitive to the fact that students have different learning abilities and makes an all-out effort to be inclusive in its teaching-learning processes. Efforts are made to raise the learning levels of slow learners.

When discussing policies related to supporting students who may be facing academic challenges, it's important to emphasize inclusivity, equity, and student-centered approaches.

Here are some considerations for an " Academic Slow Learners":

1. **Inclusive Language**: Use terminology that respects the dignity and potential of all students. Instead of "weak students," consider language like "students experiencing academic challenges".
2. **Early Intervention**: Implement measures to identify students who may be struggling academically as early as possible.
3. **Individualized Support Plans**: Develop personalized support plans for students based on their specific needs, strengths, and learning styles.
4. **Teacher Professional Development**: Provide ongoing training and professional development opportunities for educators to enhance their skills in differentiated instruction, classroom management, and supporting diverse learners.
5. **Resource Allocation**: Ensure adequate resources, including personnel, materials, and technology, are available to support the implementation of intervention strategies and support services.
6. **Parent and Community Engagement**: Foster partnerships with parents, families, and community stakeholders to promote a collaborative approach to supporting students' academic success.
7. **Positive School Culture**: Cultivate a supportive and inclusive school culture where all students feel valued, respected, and encouraged to reach their full potential.
8. **Accessibility and Equity**: Ensure that support services and resources are accessible to all students, regardless of their background, identity, or abilities.
9. **Continuous Improvement**: Regularly evaluate the effectiveness of the policy and intervention strategies through ongoing assessment, feedback mechanisms, and collaboration among stakeholders.

Criteria for Identifying Slow Learners

1. <50% marks in I & II sessional Examination
2. Attendance < 80% at the end of I Term
3. Participation in classroom activities. < 75% of time in
4. Delay / non-submission of assignment. ≥ 50% of time
5. Mentor feedback identifying as showing poor educational Motivation/drive

Measures for Slow Learners

a. Extra classes are organised once per week
b. Assignments as Open book tests / Writing as learning model – once a week
c. Special tests are conducted to make up the learning
d. One-to-one coaching is undertaken with a faculty mentor
e. Frequent parent-teacher meetings are organized for these students
f. Mentors are updated on regular follow-up progress frequent mentor–mentee meetings are encouraged
g. Counseling by student- counselor individual/group/ as well as with parents
h. Not calling them slow learners, calling them students who require additional support
i. One faculty assigned to monitor the progress of 10 students -15 students.

Outcome Measures

1. Improvement in Percentage of Attendance in Theory and Practical classes.
2. Assessment of Marks in Theory and Practical Examinations.
3. General Behaviour Assessment.
4. Students' satisfaction survey.
