Dear Dr. Amita Agarwal,

The PRG comments on your proposal are as follows:

PRG suggested conducting the study for 2 years duration among patients over 18 years. In case of inadequate numbers of such patients, children between 12-18 years should be included. PRG did not agree to support costs for MRI. In case this is agreeable, the PI may send Proposal with revised budget.

Final recommendation : Recommended a 2 year study with a total budget of **Rs 20,75,000/-**

If you agree to these comments, kindly revise the budget as suggested and upload the revised proposal for further action. You also need to submit the coda! formalities.

Kind regards,

Anju Sinha
