

To Whom it may Concern

This is to certify that University has internet connection with more than 1 GBPS bandwidth provided by National Knowledge Network(NKN).This facility is free of cost.

- i. Provide contact details of the Nodal Officer to the NKN User.
- ii. Provide services support for the NKN Network.
- c) PEA shall not be responsible for any failure to provide the Service if and to the extent such failure is attributable to the lack of an Access Link, Equipment Space, Personal Computers, Air Conditioners, UPS etc. (including but not limited to) or to any deficiency or problems with the above.

5. FEES

5.1 As per the NKN project approval by the cabinet committee, the link provided by the NKN project is free of charge. However, in due course of time if the Government decides to charge any amount then, the applicable charges and terms & conditions shall be communicated to the User.

5.2 Shifting of Last Mile Connectivity of Edge links: In case, the "User" shifts the last mile connectivity of edge links provisioned by the PEA within the initial service period of 2 years of provisioning the Link then, the PEA shall be liable to charge the service fee for 2 years assuming the link has been live for the period of 2 years, as a substantial amount is incurred in provisioning of last mile expenditure on Network.

The provisioning of links to a new location shall be on the basis of examination of the feasibility of new location as mutually agreed on case to case basis.

Examples

Case#1: In case of a 1Gbps link of >20 Kms is being shifted in the first 6 months, the fee payable by the User to the PEA shall be Rs. 30 lakhs (Balance 1.5 year X Rs. 20 lakhs per year for 1Gbps link)

Case#2: In case of a 1Gbps link of >20 Kms is being shifted in the first 18 months, the fee payable by the User to the PEA shall be Rs. 10 lakhs (Balance 0.5 year X Rs. 20 lakhs per year for 1Gbps link).

- 5.3 In case of any changes to the standard tariffs, the PEA shall notify User in writing. For such changes to take affect under this Agreement, the PEA shall inform the User at least three (3) months prior to Implementation of such changes.

6. COMPLIANCE WITH POLICIES (Issued from Time to Time)

- 6.1 The User shall comply (and shall ensure that its officers, employees, contractors and agents comply) at all times with PEA's current versions of the Policies.
- 6.2 PEA reserves the right to amend the Policies from time to time. In case of any amendments, PEA shall notify the User of the updates and make available to the User a copy of the amended Policy or Policies (as appropriate).

7. PUBLICITY

- 7.1 Either party may make any press or other public announcement in relation to the NKN Services to Users, provided that:
 - a) the first such announcement by the User is made in the manner and in the form which has been agreed in writing with the PEA, prior to its release;
 - b) no such announcement discloses any of the terms of this Agreement (including, without limitation, any financial terms), to the extent that such disclosure is agreed in advance in writing between the Parties or is permitted by Clause 15;
 - c) User does not use any logo or device of NKN (or any logo or device which incorporates or which is confusingly similar to any such logo or device) without PEA's prior consent.

Services

NKN is steadily evolving as the National Education Research Network (NREN) of India. The project has already made significant progress by connecting over 1500+ institutes in the network. NKN is now being looked as the harbinger of change in our knowledge society but this also brings together the responsibility to continuously look forward to provide the much required impetus to R&D initiatives related to networking technology.

NKN understands the requirement of R&D initiatives without a profit motive and therefore took a step forward in facilitation of this cause. The team comprising of zealous engineers and networking experts have worked over past few years to develop the first set of NKN products and services.

NKN network is designed with the aim of providing:

- ▶ Highest level of availability Robust & reliable connectivity
- ▶ Highest level of Scalability (specifically planned to match the unknown future demands which cannot be envisaged currently)
- ▶ **Best Bandwidth Capacity: For NKN, various National Long Distance Carriers (NLDs) have provided 2.5Gbps / 10Gbps capacity links which can be self healed. Further, the NKN is in process of upgrading to 100Gbps or more connectivity.**

Connected Institutions

“We cannot live only for ourselves. A thousand fibers connect us with our fellow men; and among those fibers, as sympathetic threads, our actions run as causes, and they come back to us as effects.”

Members Connected

The target users for the NKN are all institutions engaged in the generation and dissemination of knowledge in various areas, such as research laboratories, universities and other institutions of higher learning, including professional institutions. NKN has already connected 1796 institutions and aims to connect over 1500 Institutions / Organisations / Laboratories under various categories throughout the country. Following is the list of institutions currently connected: 1796
