Brief Profile-

Dr. Anitta Jose Ellenkil, MBBS, MD, DNB (Hospital Administration), is an Assistant Professor in the Department of Hospital Administration at SGPGIMS, Lucknow, and Faculty In-charge of the Apex Trauma Centre. Her expertise includes hospital operations, healthcare quality, patient safety, and health systems research. She has held leadership roles in hospital administration, trauma-care coordination, patient safety, infection control, and institutional quality improvement. As an academician, she teaches postgraduate students and healthcare professionals, mentors trainees, and conducts capacity-building programmes. She is particularly interested in translating administrative observations into measurable system improvements through evidence-based management, interdisciplinary collaboration, and research-driven interventions, with the overarching goal of enhancing patient safety, operational efficiency, and the quality of healthcare delivery. Her research interests focus on operational resilience, administrative responsiveness, and evidence-based quality improvement in high-acuity healthcare settings.
