Dissemination Seminar on NAAC

The **National Assessment and Accreditation Council (NAAC)** is an autonomous government organization established by University Grants Commission (UGC) in 1994. NAAC conducts assessment and accreditation of Higher Educational Institutions (HEIs) such as colleges, universities or any other recognized institutions to derive an understanding of the '**Quality Status**' of the institution. **NAAC evaluates the institutions for its conformance to the standards of quality in terms of its performance related to the educational processes and outcomes, curriculum coverage, teaching-learning processes, faculty, research, infrastructure, learning resources, organization, governance, financial wellbeing and student services.** NAAC, subsequent to evaluation, publishes a list of higher education with their grade. NAAC accreditation is necessary for UGC grants, financial aids, RUSA grants, etc. It is made mandatory by the government of India for all Higher Educational Institutes.
