Information before admission

If you have been advised for **admission in MRH ward**, you are requested to read the following instructions:

1. Please check your address that is entered in our hospital information system (HIS). That is the address that you entered when making registration during your first visit to this hospital. This is the address that will be mentioned automatically in the birth registration certificate. If you want to change your residential address, get it changed before admission from server room (5th floor, New Library complex, SGPGI).
2. You are requested to donate one unit of blood prior to admission. Voluntary blood donation can save life.
3. Get your pre-anesthetic check-up done from new OPD, Ground Floor.
4. Meet the doctor who will look after your baby after delivery in neonatology department OPD on ground floor or on First Floor in PMSSY Block.
5. If you are wait listed for admission, get your name entered in admission register, you will be called telephonically for admission as per availability of beds.
6. It is preferable to have one female attendant during the hospital stay who can look after you.
7. If you are getting admitted for delivery, you have to prepare your maternity bag containing front opening gown, maternity pads and clothes for baby, diapers, etc.
8. You are supposed to deposit money for admission **“only at cash counter”** situated on ground floor of PMSSY building.
9. It is advisable not to carry valuables during hospital stay. You are required to remove all your jewelry and nail polish/ nail paint before admission as it interferes with proper monitoring of your vitals.
10. For every investigation and procedure, money will be deducted from your account.
11. You will get a bed in general ward according to availability, there you will share the washroom with 6-8 patients.

We appreciate your cooperation and patience as we work to serve everyone.

Thank you.
