Hands on workshop on Sanger Sequencing

The Technique and Clinical Applications

9th-11th December, 2024

Objective of workshop

This workshop will provide participants with a theoretical understanding of Sanger sequencing, along with hands-on experience in preparing samples, running sequencing reactions, and analysing data. It is aimed at post-graduate students, research scientists, or faculty involved in molecular biology and genetics

No of Participants: 20

Mode of Selection: Based on the Merit of application Form

Last Date to apply: 15th November 2024

Notification of Acceptance: 18th November 2024

Registration Fee:

Students-INR 4000/-

Faculty Members –INR 5500/-

To be paid after the selection of application
