OFFICE ORDER

While the number of COVID cases and infection rate are consistently coming down, COVID appropriate behaviour by patients, their relatives, doctors, SGPGI staff and visitors must be ensured. In continuation of office order no. PGI/CMS/PA/182/2022 dated 17-01-2022, and as per the planned stepwise relaxation in COVID testing requirements for patients and relatives, the following steps are being implemented:

1. For patients who do not have any symptoms attributable to COVID, there shall be NO NEED for COVID RTPCR/TruNat tests for consultation, tests including invasive tests, surgeries and other interventions.
2. Asymptomatic patient relatives would not be required to have RTPCR tests report for entering hospital areas.

These relaxations in testing policy shall be applicable with immediate effect.

3. Access to hospital areas and various buildings of the institute shall continue to be restricted, to prevent crowding. Genuine patient and only one attendant will be allowed to out patient, investigation areas and wards. SGPGIMS doctors, paramedical staff and all employees will need to display their I.D. Card for entering various hospital areas.
4. All HOD's are instructed to ensure:
 - a. Strict compliance of COVID appropriate behaviour (Mask, 2 meters distance and hand wash) in the departments, wards and other areas.
 - b. Avoiding all unnecessary, non-essential COVID testing of patients, their relatives, and staff members.
 - c. Restrict visitors in various hospital areas, department.
 - d. No more than one relative stay with /visits admitted patients.

These orders are being issued as per instructions from the Director. Strict compliance of these guidelines must be ensured by all.
