Office Order

With the increasing in number of viral infections due to change in weather, healthcare workers are required to follow the following preventive measures-

1. Mask must be worn by all on duty.
2. Hand hygiene must be followed strictly. Hands should be washed with soap at regular intervals or sanitizers should be used.
3. Maintain social distancing with patients and colleagues at work.
4. While sneezing and coughing, proper etiquette must be followed to stop the spread of infection.
