Circular

MedTech Centre of Entrepreneurship (CoE) has been setup in SGPGIMS in collaboration with Software Technology Parks of India (STPI). STPI is an organization under Ministry of Electronics & Information Technology (MeitY), Government of India, established in 1991 with an objective of boosting the software and Electronics hardware exports from India.

The MedTech COE, offers the platform to innovators and entrepreneurs to develop the deliverable product from the state of idea. To achieve this goal, the funding is available for developing the idea to the stage of delivery and marketing of the end product through investment by interested angel investors.

Recently, MedTech CoE Lucknow has launched third Open Challenge Program for start-ups in MediElectronics and Health Informatics through IMAGINE OCP 3.0 on **10th June 2022**.

Innovators who have already developed the prototype are welcome to apply in this open challenge program. The medical specialists are who have ideas to improve the medical care in their specialty. The idea can be a software development or development of a tool or an instrument to help in patient diagnosis and care.

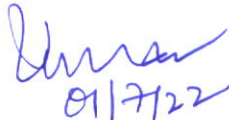

In this regard, MedTech CoE is organizing a session on 9th **July 2022** to understand its value proposition for SGPGI faculty members/students/entrepreneurs.

All the interested faculty member/Resident Doctors/Employees are advised to join the session as per programme detailed below.

Venue: Dr. Hargovind Khurana Hall

Date: 9th, July 2022

Time: 12:00PM-1:00PM

01/7/22
