1. Post at the level of Assistant Professors in the Departments of Emergency Medicine, Anesthesiology, Critical Care Medicine, Transfusion Medicine, Neurosurgery, Plastic Surgery & Burns and Radio-diagnosis may also include vacancies for Apex Trauma Centre.
2. Post at the level of Assistant Professors in the Departments of Microbiology and Pathology may be rotated in Apex Trauma Centre.
3. Posts at the level of Assistant Professors in the following departments: Anesthesiology, Critical Care Medicine, Radio-diagnosis, Microbiology and Pathology may also include rotation in Hepatobiliary Diseases and Liver Transplant Unit.

Essential Qualifications & Experience:

- I. A medical qualification included in the first or second schedule or part II of the third schedule of the Indian Medical Council Act, 1956. Persons possessing qualifications included in part II of the third schedule of the said Act shall also fulfill the conditions specified in sub-section (3) of the section 13 of the said Act and National Medical Commission Act, 2019. Candidate must be registered in a State Medical Register and National Medical Register except in the case of teachers with non-medical

qualifications

II. A postgraduate qualification recognized by the Board of Governors in supersession of National Medical Commission New Delhi or equivalent thereto (i.e. if a person with postgraduate medical qualifications awarded in the United States of America, United Kingdom, Canada, Australia or New Zealand desires to take up a teaching appointment, his/her qualification can be considered as equivalent qualification with MD/MS/DM/MCh as the case may be, for the post of Assistant Professor in respective departments in medical colleges in India), as indicated in the table below for each post, is required. Diplomate National Board (DNB) shall be treated as equivalent to MD, MS / DM, MCh qualifications of the respective broad/super-specialties as per NMC Notification. Issued from time to time.

United Kingdom: The candidate should have completed certificate of completion of specialist training (CCST) or equivalent training with final FRCS/FRCP degree and register in that country to practice that specialty

United State of America and Canada: The candidate should have MD qualifications with residency training certificate in the relevant specialty in USA. For supers-specialties, successful completion of residency training programme alongwith completion of accredited fellowship programme in the relevant superspecialty in essential.

Australia and New Zealand: The candidate should have completed supervised training programme culminating in the fellowship of the respective specialty (FRACS/FRACP). For super-specialties, minimum 02 years of supervised sub-specialty fellowship programme in the respective sub specialty is essential.

III. A total of 03 years of teaching and/or research experience at a recognized teaching institution, after the prescribed MD/PhD degree or 1 year of teaching and/or research experience, respectively, after obtaining the degree of DM/M.Ch (02 year duration) in the concerned specialty; or Nil (0) years of teaching and/or research experience after obtaining the degree DM/M.Ch (03 Years duration) in the respective specialty as on last date for submission of applications.

In subjects where both for broad specialties (MD/DNB) and super-specialties (DM/MCh) qualification is not yet mandated by NMC, special training for 3 years in the respective/concerned specialty in a teaching Institution/Centre of Excellence in a dedicated service recognized by NMC for the purpose will be accepted. Desired research experience as per NMC wherever is applicable.

IV. Essential qualification and experience must be completed by the last date of application form.
