*One seat of Assistant Professor may be filled for Pediatric Hepatology

ESSENTIAL QUALIFICATION & EXPERIENCE FOR MEDICAL CANDIDATES

Essential Qualification

- I. A medical qualification included in the first or second schedule or Part II of the third schedule of the Indian Medical Council Act, 1956. Persons possessing qualifications included in Part II of the Third Schedule of the said Act shall also fulfill the conditions specified in sub-section (3) of section 13 of the said Act.

- II. A postgraduate qualification recognized by the Board of Governors in supersession of National Medical Commission or equivalent thereto (i.e. if a person with postgraduate medical qualifications awarded in the United States of America, United Kingdom, Canada, Australia or New Zealand desires to take up a teaching appointment, his/her qualification can be considered as equivalent qualification with MD/MS/DM/MCh as the case may be, for the post of Assistant Professor in respective departments in medical colleges in India as per fulfillment of Foreign Postgraduate Qualifications for equivalence norms laid down by NMC from time to time), as indicated in the table below for each post, is required.

Diplomate National Board (DNB) / Doctorate of National Board (DrNB) shall be treated as equivalent to MD, MS / DM, MCh qualifications of the respective broad/super-specialties as per NMC Notification issued from time to time[#].

For Determination of equivalence of the qualification of DNB/DrNB with MD/MS and DM/MCh.

The Diplomate of National Board (DNB/DrNB) in broad specialty and in super specialty qualification when granted in a medical institution with attached hospital or in a hospital with the strength of five hundred or more beds by the National Board of Examinations shall be equivalent in all respects to the corresponding broad specialty (MD/MS) and super specialty (DM/MCh) postgraduate qualification. For the purposes of equivalence in teaching, persons holding a Diplomate of National Board qualification in broad specialty obtained from medical institutions with a bed strength of less than 500 shall be required to complete an additional one-year senior residency in a recognized medical institution in the relevant specialty.

Post DNB/MD/MS, a 3-year DrNB course and, in case of direct entry at MBBS, a 6-year DrNB Program must be completed from a recognized institute/medical college from NBEMS. The candidate should be registered for DrNB training in the respective course and should have passed the final exit examination leading to the award of DNB/DrNB qualification. A certificate from the recognized Commission should be provided by the candidate.

Experience

- III. A total of **14, 10, 06 and 03 years** of teaching and research experience at a recognized teaching institution, after the prescribed MD/DNB degree for the posts of Professor, Additional Professor, Associate Professor and Assistant Professor, respectively, of which 03 years as Senior Resident in a teaching/training institute recognized by NMC, New Delhi is mandatory. #

OR

A total of **12, 8, 4 and 1 years** of teaching and research experience, respectively, after obtaining the degree of DM/M.Ch/DrNB (2 years or 5 years course recognized after MBBS) in the concerned specialty. #

OR

A total of **11, 7, 3 and 0 years** of teaching and research experience after obtaining the degree DM/M.Ch/ DrNB (03 Years duration) in the respective specialty. #

#In addition to the above, the candidate should also fulfill the Minimum Qualifications for Teachers in Medical Institutions as per regulations laid down by the National Medical Commission and as per Institutional Regulations.

Note: The applicants must meet the essential qualifications and have the required experience by the cut-off date, i.e., the last date of online applications.

IIIa. Additional requirements are as follows:

Professor:

- (i) Have published at least four research publications* including two research publications after appointment as Additional/Associate Professor and must be amongst the first three authors.

- (ii) **Have completed the Basic Course in Biomedical Research (BCBR) from a recognized medical institution designated by the Commission; AND
- iii) #Shall be required to undergo Basic Course in Medical Education (BCME) provided their broad specialty subject is covered under undergraduate training.

Additional Professor:

- (i) Have published at least two research publications* after appointment as Associate Professor and must be amongst the first three authors.
- (ii) **Have completed the Basic Course in Biomedical Research (BCBR) from a recognized medical institution designated by the Commission; AND
- iii) #Shall be required to undergo Basic Course in Medical Education (BCME) provided their broad specialty subject is covered under undergraduate training.

Associate Professor:

- (i) Have published at least two research publications* after appointment as Assistant Professor and must be amongst the first three authors.
- (ii) **Have completed the Basic Course in Biomedical Research from a recognized medical institution designated by the Commission; AND
- iii) #Shall be required to undergo Basic Course in Medical Education (BCME) provided their broad specialty subject is covered under undergraduate training.

Assistant Professor:

- (i) **Have completed the Basic Course in Biomedical Research from a recognized medical institution designated by the Commission; AND
- (ii) #Shall be required to undergo Basic Course in Medical Education (BCME) provided their broad specialty subject is covered under undergraduate training.

***Research publication"** means only original papers, meta-analyses, systematic reviews, and case series that are published in journals indexed in Medline, PubMed Central, Science Citation Index, Citation Index, Expanded Embase, Scopus, or Directory of Open Access Journals and other such journals as may be specified by the Commission from time to time.

****Those who have not completed Basic Course in Biomedical Research (BCBR) may complete it within one year after joining.**

#Faculty serving in super specialty departments or in broad specialty subjects not included in the undergraduate curriculum shall be exempt from the requirement to undergo the basic course in medical education

IIIb: Academic qualifications during the Transition Period should have the following desired qualifications

- a. At least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; **OR**
- b. At least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; **OR**
- c. At least three years of experience in a reputed or recognized institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty;
AND
- d. Shall have at least two research publications in the concerned specialty during the three-year period specified above and must be amongst the first three authors.

IV. For educational qualifications and experiences as per the table:

Sr.	Departments	Essential Qualification/Experience
1	General Pediatrics	Essential Qualification/Experience in addition to point I-III <u>Professor</u> MD/DNB (Pediatrics) <u>Teaching and research experience</u> - Additional/Associate Professor in the subject for three years in a recognised medical institution; and - Should - Have published at least two research publications after appointment as Additional/Associate and must be amongst first three authors; and - Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC - Shall be required to undergo Basic Course in Medical Education (BCME) <u>Associate Professor</u> MD/DNB (Pediatrics) <u>Teaching and research experience</u> - Assistant Professor in the subject for three years in a recognised medical institution; and - Should - Have published at least two research publications after appointment as Assistant Professor and must be amongst first three authors; and - Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC - Shall be required to undergo Basic Course in Medical Education (BCME) <u>Assistant Professor</u> MD/DNB (Pediatrics) <u>Teaching and research experience</u> - Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC - Shall be required to undergo Basic Course in Medical Education (BCME)
2	Pediatric Pulmonology	Essential Qualification/Experience in addition to point I-III <u>Professor</u> <u>Academic Qualifications</u> DM (Pediatric Pulmonary or Pediatric Pulmonary and Intensive Care) OR *MD (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute

		of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> - Additional/Associate Professor in the subject for three years in a recognised medical institution; and in concerned specialty - Should - Have published at least two research publications after appointment as Additional/Associate Professor and must be amongst first three authors; and - Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC <u>Associate Professor</u> <u>Academic Qualifications</u> DM (Pediatric Pulmonary or Pediatric Pulmonary and Intensive Care) OR *MD (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> - Assistant Professor in the subject for three years in a recognised medical institution; and - Should - Have published at least two research publications after appointment as Assistant Professor and must be amongst first three authors; and - Have completed the Basic Course in Biomedical Research from a recognised medical institution <u>Assistant Professor</u> <u>Academic Qualifications</u> DM (Pediatric Pulmonary or Pediatric Pulmonary and Intensive Care) OR *MD (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR
--	--	---

		c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> 1. Have completed the Basic Course in Biomedical Research from recognised medical institution designated by the commission.
3	Pediatric Neurology	<u>Essential Qualification/Experience in addition to point I-III</u> <u>Professor</u> DM/ DNB/ DrNB (Pediatric Neurology) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> a. Additional/Associate Professor in the subject for three years in a recognised medical institution; and b. Should 1. Have published at least two research publications after appointment as Additional/Associate and must be amongst first three authors; and 2. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC <u>Associate Professor</u> DM/ DNB/ DrNB (Pediatric Neurology) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; or b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; or c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u>

		a. Assistant Professor in the subject for three years in a recognised medical institution; and b. Should 1. Have published at least two research publications after appointment as Assistant Professor and must be amongst first three authors; and 2. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC <u>Assistant Professor</u> DM/ DNB/ DrNB (Pediatric Neurology) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> 1. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC
4	Pediatric Oncology	<u>Essential Qualification/Experience in addition to point I-III</u> <u>Professor</u> DM/ DNB/ DrNB (Pediatric Oncology) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> a. Additional/Associate Professor in the subject for three years in a recognised medical institution; and b. Should 1. Have published at least two research publications after appointment as Additional/Associate and must be amongst first three authors; and 2. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC

		<u>Associate Professor</u> DM/ DNB/ DrNB (Pediatric Oncology) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; or b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; or c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> a. Assistant Professor in the subject for three years in a recognised medical institution; and b. Should 1. Have published at least two research publications after appointment as Assistant Professor and must be amongst first three authors; and 2. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC <u>Assistant Professor</u> DM/ DNB/ DrNB (Pediatric Oncology) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; or b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; or c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> 1. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC
5	Pediatric Cardiology	Essential Qualification/Experience in addition to point I-III <u>Professor</u> DM/ DNB/ DrNB (Pediatric Cardiology) OR #DM (Cardiology) with MD/DNB in Pediatrics AND #One-year exclusive clinical experience in Pediatric Cardiology from a recognized academic Pediatric Cardiology department or unit of

		National/International Repute. <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; or b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; or c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> - Additional/Associate Professor in the subject for three years in a recognised medical institution; and - Should - Have published at least two research publications after appointment as Additional/Associate Professor and must be amongst first three authors; and - Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC <u>Associate Professor</u> DM/ DNB/ DrNB (Pediatric Cardiology) OR *DM (Cardiology) with MD/DNB in Pediatrics AND *One-year exclusive clinical experience in Pediatric Cardiology from a recognized academic Pediatric Cardiology department or unit of National/International Repute. <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; or b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; or c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> - Assistant Professor in the subject for three years in a recognised medical institution; and - Should - Have published at least two research publications after appointment as Assistant Professor and must be amongst first three authors; and
--	--	---

		2. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC <u>Assistant Professor</u> DM/ DNB/ DrNB (Pediatric Cardiology) OR *DM (Cardiology) with MD/DNB in Pediatrics AND *One-year exclusive clinical experience in Pediatric Cardiology from a recognized academic Pediatric Cardiology department or unit of National/International Repute. <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC
6	Pediatric Gastroenterology	Essential Qualification/Experience in addition to point I-III <u>Assistant Professor</u> DM (Pediatric Gastroenterology)/DM (Pediatric Hepatology) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) AND *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> 1. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC
7	Pediatric Surgical Super Specialities	Essential Qualification/Experience in addition to point I-III <u>Assistant Professor</u> M.Ch/ DNB/ DrNB (Pediatric Surgery) <u>Teaching and research experience</u> 1. Have completed the Basic Course in Biomedical Research

		from a recognised medical institution designated by the NMC
8	Pediatric Neonatology Anaesthesia	Essential Qualification/Experience in addition to point I-III <u>Professor</u> DM (Pediatric and Neonatal Anaesthesia) <u>Alternate academic qualification during transition period</u> *MD/DNB (Anaesthesia) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> - Additional/Associate Professor in the subject for three years in a recognised medical institution; and - Should - Have published at least two research publications after appointment as Additional/Associate and must be amongst first three authors. - Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC. - Shall be required to undergo Basic Course in Medical Education (BCME). <u>Associate Professor</u> DM (Pediatric and Neonatal Anaesthesia) <u>Alternate academic qualification during transition period</u> *MD/DNB (Anaesthesia) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> - Assistant Professor in the subject for three years in a recognised medical institution; and - Should - Have published at least two research publications after appointment as Assistant Professor and must be amongst first three authors; and - Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC

		3. Shall be required to undergo Basic Course in Medical Education (BCME) <u>Assistant Professor</u> DM (Pediatric and Neonatal Anaesthesia) <u>Alternate academic qualification during transition period</u> *MD/DNB (Anaesthesia) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> 1. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC. 2. Shall be required to undergo Basic Course in Medical Education (BCME).
9	Pediatric Critical Care	<u>Essential Qualification/Experience in addition to point I-III</u> <u>Professor</u> DM/DNB/DrDNB (Pediatric Critical Care) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> a. Additional/Associate Professor in the subject for three years in a recognised medical institution; and b. Should 1. Have published at least two research publications after appointment as Additional/Associate Professor and must be amongst first three authors; and 2. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC <u>Associate Professor</u> DM/DNB/DrDNB (Pediatric Critical Care) <u>Alternate academic qualification during transition period</u>

		*MD/DNB (Pediatrics) *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. Shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> a. Assistant Professor in the subject for three years in a recognised medical institution; and b. Should 1. Have published at least two research publications after appointment as Assistant Professor and must be amongst first three authors; and 2. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC <u>Assistant Professor</u> DM/DNB/DrNB (Pediatric Critical Care) <u>Alternate academic qualification during transition period</u> *MD/DNB (Pediatrics) AND *a. at least three years of experience in a medical institution with an exclusive department or unit dedicated to the specialty, having separate and dedicated infrastructure and faculty members who are not concurrently shown as part of any other department or unit; OR b. at least three years of experience in an institute of national importance with a dedicated department or unit in the specified specialty; OR c. at least three years of experience in a reputed or recognised institute of excellence in India or abroad, approved by the Commission, running a department or unit dedicated to the specified specialty. AND d. shall have at least two research publications in the concerned specialty during the three years period specified above and must be amongst first three authors. <u>Teaching and research experience</u> Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC
10	Pediatric Emergency	<u>Essential Qualification/Experience in addition to point I-III</u> <u>Professor</u> <u>Academic Qualifications</u> M.D./DNB (Pediatrics) or equivalent foreign postgraduate qualification as per NMC regulation 18 of the above notification <u>Teaching and research experience</u> a. 1. Additional/Associate Professor in the broad specialty of Pediatrics for three years in a recognised medical institution; OR 2. Specialist Medical Officer of the Armed Forces having at least three years of experience as Additional/Associate Professor in the broad specialty of Pediatrics in a teaching hospital of the Armed

		Forces b. Should 1. Have published at least two research publications after appointment as Additional/Associate and must be amongst first three authors. 2. Have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the NMC. Note 1: A Senior Consultant, having three years of experience as post graduate teacher of broad specialty or super specialty subject in the National Board of Examination in Medical Sciences recognised Government medical institute shall be eligible to become Professor in a recognised medical institution of the concerned specialty and total number of years of experience as Post Graduate teacher in National Board of Examination in Medical Sciences recognised government medical institute shall be considered as experience as Professor in a recognised medical institution. <u>Associate Professor</u> <u>Academic Qualifications</u> M.D./DNB (Pediatrics) or equivalent foreign postgraduate qualification as per NMC regulation 18 of the above notification <u>Teaching and research experience</u> (a) (i) Assistant Professor in the subject for four years in a recognised medical institution or for five years for those appointed directly as Assistant Professor in Government medical institution; OR (ii) a Specialist Medical Officer of the Armed Forces, having at least five years of clinical experience in the relevant specialty after obtaining the recognised Postgraduate qualification in the subject, of which at least three years teaching experience as Assistant Professor in a teaching hospital of the Armed Forces; AND (b) (i) have published at least two research publications after becoming Assistant Professor and must be amongst first three authors. (ii) have completed the Basic Course in Biomedical Research from a recognised medical institution designated by the Commission. Note 1: A non-teaching Consultant or specialist or Medical Officer, possessing postgraduate medical degree with ten years of experience in at least 220 bedded Government hospital shall be eligible to become Associate Professor of that broad specialty and on such appointment, shall be required to undergo Basic Course in Medical Education and Basic Course in Biomedical Research within two years of the appointment. <u>Assistant Professor</u> <u>Academic Qualifications</u> M.D./DNB (Pediatrics) or equivalent foreign postgraduate qualification as per NMC regulation 18 of the above notification <u>Teaching and research experience</u> (a) Three years as Senior Resident in the department of Pediatrics in a recognised medical institution. In addition, applicable non-practicing allowance (to clinically qualified candidates) and other allowances as per the Institute rules will be paid. New pension scheme of the government will be applicable.

Upper age limit: 50 years as on the last date of receipt of application.

- I. The age limit will be as per AIIMS, New Delhi. There will be no age relaxation for SC/ST/OBC candidates applying for unreserved seats.
- II. Scheduled Caste, Scheduled Tribes, Other Backward Class, Dependents of Freedom Fighter, and Persons with Disability, Ex-Serviceman and women candidates who are not the permanent residents of Uttar Pradesh shall not be given the benefit of reservation/age relaxation. Such candidates shall be treated as the candidates of the Unreserved Category. In case of women candidates, the caste certificate issued from father's side only will be treated as valid.
- III. EWS candidates should submit a certificate, issued by the competent authority of UP Govt. (Order no. 1/2019/4/1/2002/Ka-2/19T.C.-11 dated 18/2/2019). In case no EWS candidate is found suitable/apply then a candidate in the UR category will be considered.

General conditions:

- **Incomplete applications will not be considered and will be rejected. Incomplete application includes:**
 - Non-deposition of requisite fee
 - Non-availability of caste certificate when applicable
 - For OBC candidates, the certificate should be within the last 06 months
 - In case of women candidates, the caste certificate issued from father's side only will be treated as valid.
 - Non-submission of Certificates in support of experience
 - Non-submission of Certificate of registration of medical qualifications by NMC when applicable
 - Not meeting the desired publications with indexing and authorship
- Advance applications will be accepted, but a copy forwarded through proper channel or a 'no objection certificate' from the current employer must be submitted before the interview call or should be presented on the date of interview.
- Exceptionally-qualified candidates having meritorious records and/or specialized experience may be considered for advance increments on the recommendation of the Selection Committee.
- The number of posts indicated above is provisional and subject to change without prior notice.
- Selections may or may not be held for all the advertised posts.
- The application form may be downloaded from the Institute's website www.sgpgims.org.in.
- A **Non-Refundable** Demand draft must be attached as the application fee of **Rs 2000** for general category persons and **Rs 1000** for OBC/SC/ST/PwD/EWS domiciled in the State of Uttar Pradesh for applicants within the country and **US \$ 100.00 or equivalent foreign currency for overseas candidates in favor of Director, SGPGIMS, Lucknow Academic Account, payable at (SBI-Code No. 7789) SGPGIMS, Lucknow**. Candidates should write their name on the back side of the draft.
- The Institute will not be responsible if the application of any candidate is rejected based on incomplete or faulty information filled online.
- Three testimonials/reference letters specific to an advertisement are a vital part of the application process and assessment of a candidate. Therefore, these must be attached with the hard copy of the Application
- Candidates will be intimated by email regarding the date of interview. Original documents will be verified at the time of interview
- Mere eligibility does not entitle a candidate to claim appointment.
- No TA / DA will be paid to attend the interviews.
- Only eligible candidates will be called for a personal Interview.
- Skype / digital interviews may be permitted on request, subject to the candidate accepting inherent risks of technology failure.
- The appointment shall be subject to certification of medical fitness by the Medical Board of the Institute.

- The envelope must be superscribed 'Application for faculty position' and mention the 'advertisement number' and is addressed to the Executive Registrar, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Raebareli Road, Lucknow 226014, India. The deadline for receipt of the application is **31st August, 2026** Applications by hand will not be entertained. If the last date of submission of application is a holiday, the application will be accepted till 05: 00 PM on the next working day.
- The decision of the Institute in respect of eligibility and suitability of a candidate shall be final. Director of the Institute reserves the right to reject any or all applications without assigning any reason. All disputes will be subject to the jurisdiction of the Lucknow bench of Hon'ble High Court of Judicature at Allahabad.
