Course Outcome

The goals of this programme are to inspire students and help them imbibe an entrepreneurial mindset. The students will learn what entrepreneurship is and how it has impacted the world and their country. They will be introduced to key traits and the DNA of an entrepreneur, and be given an opportunity to assess their own strengths and identify gaps that need to be addressed to become a successful entrepreneur.

The programme comprises several short courses, each focusing on a specific entrepreneurial knowledge or skill requirement such as creative thinking, communication risk taking, and resilience and helping them become career ready, whether it is entrepreneurship or any other career.

Course Content

Module-1: Introduction to Entrepreneurship

Meaning and concept of entrepreneurship, the history of entrepreneurship development, role of entrepreneurship in economic development, Myths about entrepreneurs, agencies in entrepreneurship management and future of entrepreneurship types of entrepreneurs.

Module-2: The Entrepreneur Why to become entrepreneur, the skills/ traits required to be as entrepreneur, Creative and Design Thinking, the entrepreneurial decision process, skill gap analysis and role models, mentors and support system and entrepreneurial success stories.

Module-III: E-Cell Meaning and concept of E-cell, advantages to join E-cell, significance of E-cell, various activities conducted by E- cell.

Module-IV: Communication Importance of communication, barriers and gateways to communication, listening to people, the power of talk, personal selling, risk taking & resilience, negotiations.

Module-V Introduction to various forms of business organization (sole proprietorship, partnership, corporations, Limited Liability company), mission, vision and strategy formulation
