Dear Ms Jyotika Srivastava,

On behalf of the Board of the European Hematology Association (EHA), I am delighted to inform you that your abstract has been selected by the Scientific Program Committee for a **Poster Presentation** during the EHA2022 Hybrid Congress.

You have also been awarded a €500 travel grant and complimentary registration for the EHA2022 Hybrid Congress. You will be automatically registered and receive a confirmation of your registration separately. You will receive a form via email to claim your travel grant, which will be transferred to you after the Congress.

Please note the following important points:

- The abstract code is your definitive abstract number, under which your abstract will be published in the online Abstract Book, a supplement of HemaSphere (EHA's official journal), the EHA Library and the Congress platform.
  - Poster Presentations will be presented as a paper poster in Vienna, as well as uploaded as an e-poster in the Congress platform. All poster authors / presenters should therefore:
    - upload their poster to the Congress platform for display on the e-poster screens in the congress center and in the Congress platform itself. You also have the opportunity to add audio narration to your poster.
    - bring a printed poster to the Congress for display and presentation during the Poster Session on Friday, June 10 (16:30 - 17:45 CEST).
  - Poster presenters can make use of the print and delivery service free of charge and their e-posters will be accessible onsite to all participants. The poster print service and the onsite e-poster area are made possible by generous unrestricted grants from Bristol Myers Squibb, Janssen, Genmab and Daiichi Sankyo.
  - Instructions for the poster specifications, poster print service and e-poster uploading will follow in a separate email.

**Important:** If you are unable to attend the EHA2022 Hybrid Congress physically in Vienna, Austria then please inform us by email before **May 6**. This way we avoid empty poster boards in the congress center.

Should you have any questions please contact the congress secretariat, by telephone at +31 (0) 20 570 9600 or by email: [eha@mci-group.com](mailto:eha@mci-group.com).

Dear Candidate,

I am pleased to inform you that you have qualified for Junior Research Fellowship (JRF) and eligibility for Assistant Professor in the Joint CSIR-UGC TEST conducted in November 2020. The tenure of fellowship is five years and it commences from the date of declaration of NET result, i.e., 04.02.2021 (or) from the date of admission under M.Phil./Ph.D. (or) from the date of joining M.Phil./Ph.D. programme, whichever is later. The summary of financial assistance offered under the scheme is mentioned at Annexure I available on [www.ugc.ac.in/netjrf](http://www.ugc.ac.in/netjrf) along with other Annexures.

The Awardee is required to get admission and registration for regular and full time M.Phil./Ph.D. course in a University/Institution/College recognized by UGC at the first available opportunity but not later than three years from the date of issue of this award letter. It may also be noted that UGC had proposed to link "AADHAAR" with bank account of students so that there can be direct cash transfer and effective disbursal of fellowship into bank account of the student. In this regard, Secretary, UGC had requested the universities to help students in Aadhaar enrolment vide D.O. No. F.14-34/2011 (CPP-II) dated 11.01.2013.

It may please be noted that the award is liable to be cancelled by Implementing/Awarding agency and it will also attract legal action against the Awardee in the following cases:

- Misconduct of Awardee,
- Unsatisfactory progress of research work,
- Failure in any examination related to M.Phil./Ph.D.,
- In case any other fellowship is drawn from other source(s),
- Concealment of facts.

TO WHOM SO IT MAY CONCERN

I am pleased to provide an experience letter to Mr. Suraj Kumar Singh who worked as Junior Research Fellow and later promoted as Senior Research Fellow in a DBT-funded project at AIIMS–Patna in my Department, where I was the Principal Investigator. Mr. Suraj worked in the project since **December 2017 till 31<sup>st</sup> August 2020**. During his tenure, I have had ample scope to observe his intellectual ability and research aptitude and I am pleased to state that Mr. Suraj is a very sincere, talented, and diligent budding researcher. He is very much research and academic oriented person who want to excel in the field of clinical research. He has consistently showed interest in learning new techniques, participating in various talks as well as conferences, and contributing his ideas whenever the opportunity presented itself. He has also displayed remarkable understanding of the basics of the subject of his project, as well as in other subjects he had previously pursued as part of his under graduate and post graduate curriculum, displaying an inter-disciplinary approach towards his research work.

Mr. Suraj has been regular and methodical in the course of his experimental pursuit, and consistently maintained details, clear records of his daily research work in the Department. Not only is he extremely proactive and highly organized, he also has displayed an ability to manage multiple assignments simultaneously and meet deadlines. In the span of more than two years, he is well equipped at handling various sophisticated laboratory equipment pertaining to molecular biology experiments such as confocal microscope, inverted microscope, spectrofluorometer, centrifuges, western blotting apparatus. He can plan and

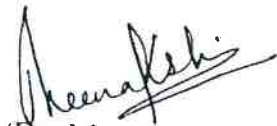

**Department of Pathology / Laboratory Medicine**  
**All India Institute of Medical Sciences, Patna**

perform independently various cell culture (primary as well as established cell lines), immunocytochemistry, spectrofluorometric analysis and protein related work. Most importantly, since this was my first independent project, he helped me in establishing my laboratory. He possesses excellent interpersonal skills and an amicable personality, as a result of which he was admired by all. Within short period, he has published 4 research papers where he is the first author in two full length research papers.

Currently, he is interested in joining a Ph.D. programme which will provide him a strong platform for his scientific career and help him to excel in the field of clinical research. As AIIMS-Patna has not started its own Ph.D. programme, I am not able to register him under my supervision and thus I have encouraged him to join Ph.D. programme at other prestigious institutes.

Having shared a good camaraderie with him during his tenure, I strongly recommend his candidature and wish him all the best in his future endeavors.

Sincerely,
