RDA/2022

01.04.2022

Black day for entire medical fraternity when one of us decides to end their life in lieu of societal harassment abetted by politicians and media. **We mourn the early demise of our young colleague Dr Archana Sharma in DAUSA district a promising gynaecologist (Gold medallist) who was driven to take this extreme step for the unbearable tarnishing of her reputation and constant threat to her family.**

PPH is a very well known complication post child birth , and moreover there is clear cut laws regarding filing an FIR on a Doctor

We want to give a stern warning to all that such unwarranted harassment of doctors will make affordable medical care impossible for general public. We urge the lawmakers to hold the police district administrative authorities and relatives of everyone involved in this case liable for abetment of suicide.

We all stand in her support, and in protest RDA requests each and everyone in campus to wear black ribbon on shoulder on Monday for the entire day as a mark of respect for the deceased.
